Experience

Matchachie Matchachu “MiMu”

Bandung, Indonesia

Chief Branding Officer (CBO)

Oct 2025 – Present

- Secured the 1st Faculty Funding Award by delivering a high-impact investor pitch and comprehensive business strategy for a scalable, premium matcha beverage concept.
- Scaled business operations from initial concept to two active physical branches, achieving the highest grossing sales volume during the university Market Day.
- Managed marketing budgets and operational logistics to ensure cost-effective digital branding campaigns and track overall revenue margins.
- Directed end-to-end product positioning, digital branding, and promotional campaigns to establish a strong market presence among young urban demographics.

IMC Project – Mealth Wellness Community

Bandung, Indonesia

Marketing Consultant (Project-Based)

Jan 2026 – Present

- Audited existing marketing workflows to identify growth opportunities and realign brand positioning for the yoga and wellness target market.
- Developed and executed content strategies across Instagram to drive brand awareness, maximize digital visibility, and increase user interaction.
- Designed targeted promotional concepts to boost yoga class registrations, optimize sales potential, and build long-term customer loyalty.

OPSY Store

Tasikmalaya, Indonesia

Chief Marketing Officer (CMO)

Mar 2021 – Dec 2023

- Directed comprehensive online and offline marketing strategies, scaling brand visibility and driving consistent e-commerce sales growth across platforms like Shopee.
- Established and managed a high-tier reseller network, successfully accelerating B2B distribution and generating bulk transactions of up to thousands of units.
- Spearheaded physical retail expansion initiatives, culminating in the successful launch and operational rollout of a primary physical storefront at Mayasari Plaza.
- Cultivated a highly loyal customer base through targeted engagement campaigns, resulting in a significantly increased repeat order rate.

IKOM Channel – Multimedia & Broadcasting

Bandung, Indonesia

News Producer & Multimedia Staff

Dec 2023 – Nov 2025

- Led the end-to-end news production lifecycle, managing cross-functional teams of reporters, editors, and production crew to ensure rigorous editorial quality and timely publication.
- Scripted and produced a viral news feature on Kampung Pelangi Bandung, generating 100,000+ views, and edited dynamic digital content reaching over 1.5 million impressions.
- Executed a comprehensive organizational communication audit, conducting in-depth qualitative interviews across multiple divisions to identify workflow inefficiencies and optimize internal structures.
- Delivered on-camera reporting and developed engaging visual packaging strategies for prominent coverage, including Bandung Techno Park and national football team segments.

KPM (Korps Protokoler Mahasiswa)

Communication & Information Division (Kominfo)

Bandung, Indonesia

Mar 2025 – Jan 2026

- Managed end-to-end media publication and visual documentation for large-scale institutional events, including University Graduations, Dies Natalis, and Telkom University Anniversaries.
- Led digital communication strategies and information dissemination for national-level technology competitions hosted by Telkom University, prominently including GEMASTIK.
- Coordinated cross-departmental communication flows between organizing committees, protocol teams, and external stakeholders to guarantee seamless event execution.

Projects & Research

Family Health Communication Research

Field Researcher

Bandung, Indonesia

Mar 2026 – Apr 2026

- Conducted field-based qualitative observation in mental health care settings to evaluate patient-family communication dynamics and healthcare interaction effectiveness.

SDGs 7 Renewable Energy Campaign

Project Initiator & Campaigner

Pangalengan, Indonesia

Nov 2024 – Dec 2024

- Initiated the "Energi Terjangkau, Membangun Desa Berkelanjutan" community campaign, conducting field research to assess the potential of dairy cow waste for biogas energy conversion.
- Facilitated Focus Group Discussions (FGDs) and targeted socializations, successfully educating 20+ local residents on renewable energy applications.
- Partnered with PT Pupuk Indonesia and PT PLN Indonesia Power to deliver collaborative training on biogas production and organic fertilizer management.
- Monitored project milestones and published impact evaluation reports detailing the campaign's socio-economic and environmental outcomes.
